

CONDITIONS IN EUROPE GROW WORSE AS SOVIET ADVANCES IN NEW AREA

Operate Now In Southwestern Asia and Threaten Persian Capital— Fate of Warsaw In Doubt.

WASHINGTON, Aug. 6.—(By The Associated Press.)—Soviet Russia has followed up its successes against Poland with a thrust into southwestern Asia and its forces already are threatening the Persian capital of Teheran. This rather unexpected move by the Bolsheviks is believed by some officials and diplomats here to be directed against British and French domain in the near east and Asia.

News of the Soviet advance upon Teheran was conveyed today in dispatches from John L. Caldwell, American minister to Persia and the American consul at Tabriz.

The minister asked permission to remove the American legation from Teheran in view of the preparations of the Persian government to evacuate the capital, while the consul asked authority to move from Tabriz. Both requests were granted.

Complicates Situation
Official observers here conceded that the opening of a new theatre of warfare by the Bolsheviks had complicated an already grave situation in Europe and the Near East. They also were of the opinion that this latest development would serve to hasten a decision by the allied governments as to general measures to be taken to check the soviet menace.

The Polish situation engaged the attention of officials here more closely today than at any previous time and during the day Secretary Colby and under-Secretary Davis had an hour's conference with President Wilson. Mr. Colby steadfastly refused to discuss the conference and no statement was forthcoming from the white house. At the state department, however, it was said, communications had been received from the allied governments outlining a tentative course of action looking to the aid of Poland and it was assumed that these were among the subjects discussed with the president.

If any decision was reached, no intimation of it was permitted to reach the public. Besides the communications from the allies the requests of Poland for a declaration of "moral support" of the United States government and for permission to purchase American army supplies still are before the state department.

Better Feeling in Poland
Official dispatches both to the Polish legation and the state department today indicated a slight improvement in the situation in Poland. A statement to the legation from Warsaw read:

"Food help is necessary. The feeling of civilian population and volunteers is good."

An announcement by the state department said "the determination of the Polish government not to be stampeded from Warsaw and to resist to the utmost was indicated in a dispatch received today from the American legation in Warsaw."

"The department information," the announcement said, "tended to indicate that the Bolsheviks were purposely avoiding definite commitments with respect to the opening of armistice negotiations in order to prolong the hostilities and carry the fighting thru to Warsaw."

While the Bolshevik thrust into the Near East has been forecast by military authorities here, they had not expected it would be undertaken until the fight against Poland had been concluded.

Military experts are of the opinion that the Bolsheviks will undertake to unite with the Turkish nationalists and other discontented Moslem elements, in a supreme effort to undermine the security of the British and French in the Near East and Asia.

Offered 120,000 Troops
According to official advices to the state department, Lenine had offered 120,000 troops to the Moslems for the promotion of the Nationalists with the Nationalists of Egypt, Turkey, Arabia, Mesopotamia and Persia, of a united military effort against British and French interests. A unit of this army already has entered Armenia and is expected to continue its advance toward Moscow, an important Nationalist stronghold where forces of Turkish and Egyptian Nationalists are reported to have planned to converge.

With this thrust against the left flank of the British defense line of Asia the present advance on Teheran is looked upon as a movement directed at the same time against the British right flank resting upon the edge of the Persian salt desert.

The advance into Persia is expected to follow southward from Teheran toward Herat in Afghanistan with the ultimate objective of reaching the terminus of a railroad from India to Persia built by Great Britain during

CLOSING HOURS MARKED BY RUSH WITH PETITIONS

Seventy Five Filed on Closing Day—Some Expected by Mail

"UNCLE" JOE CANNON HAS OPPOSITION

SPRINGFIELD, Aug. 6.—Closing hours for filing primary petitions with the secretary of state produced almost as many candidates as the first day for filing, seventy-five petitions were filed in the afternoon. Other petitions presented before mid-night or mailed before that hour will be listed tomorrow.

One more candidate for state office appeared this afternoon. Edward T. McCaffrey, Democrat, Chicago, filed for auditor of public accounts. John J. Brown, Republican, Vandavia, filed for congressman-at-large; O. S. Hartley, Democrat, Carlinville, for clerk of the 3rd district appellate court, and John L. Cooper, Democrat, Fairfield, for clerk of the fourth district court.

Last moments also produced an opponent for "Uncle" Joe Cannon of Danville. The Danville delegate to the constitutional convention, E. B. Conley, Republican, filed for congress. Five others filing for congress were as follows:

Tenth district, James D. Richards, Democrat, Chicago; fifteenth district, William Gilroy, Democrat, Canton; twenty-first district, J. Earl Major, Democrat, Hillsboro; twenty-fourth district, Asher R. Cox, Democrat, Xenia; eighteenth, Armand E. Smith, Democrat, Kankakee.

Among those filing for state senator were the following: Sixteenth district, Charles H. Carmon, Republican, Forest; John F. Bosworth, Democrat, El Paso; thirty-sixth, Robert Scott, Republican, Quincy; eighteenth district, Snowden L. Garrison, Democrat, Peoria; twentieth, H. P. Dwyer, Democrat, Minooka, and twenty-eighth, Robert G. Williams, Republican, Decatur.

For state representative: Forty-seventh district, S. T. Bowman, Republican, Alton, and Charles Lexow, Democrat, Mitchell; fourteenth, P. H. Flannigan, Democrat, Aurora; forty-fifth, S. E. Moore, Williams, Republican, four; Campaign, and Marion Peters, Democrat, Urbana; twenty-eighth, E. B. Bentley, Republican, Clinton; thirtieth, Martin B. Lohman and C. L. Conder, both Democrats, Pekin; twenty-second district, Forest D. Redden, Danville.

CHICAGO, Aug. 6.—Company L, Illinois National Guard, of Chicago Heights, was mobilized tonight in readiness to use in case of trouble between white and negro factory workers.

Extra deputy sheriffs were rushed to the town today following reports of friction between Italians and negroes.

The trouble in Chicago Heights according to Mayor E. G. Kling, started about three months ago, when a negro from Gary, Ind., rode thru on a motorcycle and struck a three year old Italian child causing the child's death. When the negro was exonerated by a coroner's jury, there arose a strong feeling of animosity against the negroes the mayor said. He insisted there had been no influx of negroes into the town.

The mayor stated also that he expected no further trouble.

**ITALIAN WANTED FOR
MURDER IN ILLINOIS**

Columbus, O., Aug. 6.—Frank Bianca, 46, an Italian said to be wanted in West Frankfort, Ill., for a murder committed Aug. 2, was arrested here tonight. In company with Bianca was his son, Paul, 16.

Police said the two drove here from West Frankfort today. When arrested the elder Bianca was carrying a suit case containing 10 sticks of dynamite and a loaded revolver. Advices from Illinois officers did not state for whose murder Bianca was wanted.

QUIET REIGNS NOW IN WEST FRANKFORT AS TROOPS ARRIVE

Believe That Order is Permanently Restored

FEELING AGAINST ITALIANS THE CAUSE

West Frankfort, Ill., Aug. 6.—via Johnston City.—Quiet prevailed in West Frankfort tonight after last night's rioting in which two score of persons were beaten. Reports that five persons were killed could not be verified.

Brigadier General Frank P. Wells and Colonel Frank Taylor arrived tonight and took charge of the situation. Militiamen circled thru the town in automobiles and had the streets cleared by 8 o'clock.

Mayor Lon Fox and Sheriff Robert H. Watkins tonight expressed the belief that the trouble had passed.

An inventory of last night's lawlessness showed that three stores had been wrecked and six houses burned.

The rioters directed their attack against the Italian settlement. Feeling against the Italians has been running high as a result of several blackhand letters reported to have been distributed recently.

Feeling Against Foreigners
West Frankfort, Ill., Aug. 6.—With 200 militiamen on active duty and more arriving, West Frankfort was quiet tonight after last night's rioting. There were only a few small crowds on the streets and no fire arms were displayed. Officials were unable to learn the identity of the five men reported to have been killed.

The factions in the rioting were the English speaking residents and the foreigners. The latter are principally Italians and make up about one-third of the town's population of 11,000.

Feeling against the foreigners has been running high for several months and reached a climax with the murders of Tony Hempel and Amiel Calcaterra whose bodies were found in shallow graves near Royaltown Monday.

The foreigners have been suspected of having committed a series of recent robberies in southern Illinois and reports that several "blackhand" letters have been distributed in the last few weeks intensified public indignation against the foreign element.

Militia Brings Order
A few sporadic outbreaks occurred today when foreigners were seen on the streets but there were no casualties reported. The troops were jeered when they arrived this morning but the crowds began to disperse when the militiamen took their posts.

The funeral of the Hempel boy took place today and during it the guardsmen took extra precautions to prevent an outbreak. None occurred however. The majority of the foreign element had left town tonight.

At one time more than 3,000 persons composed the mob, it was estimated. A number of homes of foreigners was destroyed by incendiary fires.

Some of the injured were taken to a hospital in Marion.

West Frankfort is isolated as the rioters cut down all telephone and telegraph wires and the only way news can get to the outside world is thru Johnston City, five miles south.

**FORMER BOARD OF
TRADE OPERATOR DIES**

CHICAGO, Aug. 6.—S. C. Scott, aged 68, said to have been the largest board of trade operator prior to the advent of James A. Patten, the wheat king, died at his home here today of heart disease.

Mr. Scott was a director of the Chicago, Burlington & Quincy railroad and of the National Bank of the Republic and an officer of many other companies.

He owned what was said to be the fifth largest art collection in America.

Toledo, Aug. 6.—Upward of one hundred entrants in the national open golf tournament to be held at Iverness next week had arrived tonight. Officials announced that virtually all of the stars of the golf world will compete. Several of the golfers gave the course a going over today and some good scores were turned in.

WHOLESALE LIQUOR DEALER'S LICENSES MAY BE RESTRICTED

Believed Such Action Will Simplify Enforcement of Prohibition

MARYLAND OFFICERS CANNOT ENFORCE LAW

WASHINGTON, Aug. 6.—(By Associated Press.)—Elimination by the government of the wholesale liquor dealer as a means of simplifying prohibition enforcement appeared a possibility tonight with the announcement by Prohibition Commissioner Kramer that the issue of wholesale permits in the future would be "rigidly restricted."

Mr. Kramer declared the wholesale traffic presented the greatest problem which enforcement officials were confronted.

Wholesale dealers, he asserted, resorted to subterfuges which made the dry law difficult to enforce. This phase of enforcement was said to have developed, considerable trouble.

Treasury records reveal that more wholesale licenses are in existence now than immediately prior to the effective date of the Volstead act. Commissioner Kramer said that drastic action had been made necessary in certain localities.

No licenses have been issued in Chicago for wholesale traffic in the last six weeks. Mr. Kramer said. His visit to the New York district early this week was said to have resulted in a tightening of restrictions there.

The situation in Baltimore resulting from the ruling of attorney General Armstrong that no Maryland state or Baltimore municipal could aid in dry law enforcement work has complicated the transfer of additional federal agents to that district.

SENATOR HARDING MAKES PHONOGRAPHIC RECORDS OF SPEECHES

Republican Presidential Candidate Spent a Busy Day

HOOSIERS WILL SEND FIRST DELEGATION

MARION, O., Aug. 6.—Senator Harding today received another string of visitors, swept thru accumulated correspondence, disposed of details at headquarters and then set out for a sixty mile automobile ride, his first real diversion this week.

One of his odd jobs during the day was to make five campaign speeches for phonograph records, all excerpts from his previous public deliverances. They will be distributed thru the country.

Headquarters announced tonight that one of the first big delegations to come from outside Ohio for a front porch speech would be from Indianapolis, August 28.

A sharp reply was made today to reports quoted last night in a statement by Harding headquarters regarding organization of a Marion delegation to the notification of Governor Cox at Dayton. Newspaper stories were quoted as charging that the delegation was being paddled out from neighboring towns and free transportation was being offered.

**CHICAGO WILL BID
FOR OLYMPIC GAMES**

CHICAGO, Aug. 6.—Everett C. Brown, a member of the executive committee of the Olympic games, who left New York a few days ago on the Lapland, will extend an invitation to the Olympic games committee on August 10, at Antwerp, Belgium, to hold the 1924 Olympic games in Chicago at Grant Park. It was announced here today. The invitation suggests that Chicago will have one of the largest stadiums in the world at Grant Park on the lake front, when work started yesterday on a \$30,000,000 lake front improvement plan is expected to be finished.

**MAY ESTABLISH
NURSERY SCHOOL**

CHAMPAIGN, Ill., Aug. 6.—An appropriation of \$50,000 to establish a school for nurserymen at the University of Illinois is asked of the state legislature in resolutions passed by the Illinois Association of Nurserymen at the closing session of their convention here today. The resolution requests the school for nurserymen to be established in conjunction with the department of horticulture and also asks that an additional \$15,000 annually be appropriated for research and experiments in nursery work.

**WATER TOO HOT—
MINERS STRIKE**

Springfield, Ill., Aug. 6.—Four hundred miners of the Woodside mine of the Springfield District Coal Mining Company struck this morning, because the water in their wash house was too hot last night. They will return to work tomorrow. W. B. Jess, president of the company, said he had ordered the water cooled off for them, but that the men themselves might have done it by turning a valve.

**NAVY ATHLETES
REACH ANTWERP**

On Board U. S. S. Frederick Antwerp, Aug. 6.—(By Wireless to The Associated Press.)—The U. S. S. Cruiser Frederick, bearing the navy's Olympic athletes reached Antwerp at 6:15 tonight and was received with cheers. The vessel will be berthed tomorrow morning. The naval athletes are in fine condition and are eager to begin their final workouts ashore.

JOSEPH DEVLIN DEFIES ENGLISH HOUSE OF COMMONS

Tells Them to "Bring on Army of Occupation"

IRISH COERCION BILL CAUSE OF TROUBLE

LONDON, Aug. 6.—By an overwhelming majority the government tonight jammed thru the Irish coercion bill designed to restore order in Ireland. Lengthy debates preceded the voting in the house of commons but lacking the presence of Premier Lloyd George and Herbert H. Asquith they did not stir the interest which attached to yesterday's discussion and were far less acrimonious.

A notable exception was a furious outburst by Joseph Devlin, Nationalist member from Belfast who defied the authority of the house to bring him to order and precipitated an exciting scene as a result of which he was suspended. He stalked out, followed by all the other Irish members and almost the entire labor representation.

Mr. Devlin unleashed a flood of invective against the bill, demanded that Mr. Lloyd George be summoned to share responsibility for this iniquitous measure and vehemently asserted the reason the premier was absent was that he might "concoct another war with Russia."

From the government benches cries of "order! order!" arose with admonitions to respect the house.

Mr. Devlin shouted in reply, "I have no respect for the house of commons, I despise it." Bedlam then broke out. When the chairman finally managed to make himself heard he threatened to expel Mr. Devlin, Devlin, who had now worked himself up to a high pitch, continued defiant, whereupon the chairman called on the sergeant-at-arms to remove him. He refused to budge and the chairman summoned the speaker.

The sergeant-at-arms placed a formidable looking mace on the chairman's table. The galleries in which there were numerous American tourists, anticipated rough and tumble developments. "Bring on the army of occupation," shouted Mr. Devlin, but he calmed down when the speaker, impressive in wig and gown entered. He was acquainted with Mr. Devlin's conduct and put a motion to the house to suspend him.

Devlin appeared to take the sentence philosophically and when the vote was announced he walked out rapidly before the speaker could conclude the request that he leave. The ensuing exodus left only a handful of liberals to continue the fight on the bill and there was no further excitement until application of closure met with angry shouts of "gagged."

Washington, Aug. 6.—(By The Associated Press.)—Any person upon whom sentences of imprisonment have been passed in Ireland could be conveyed to and detained in any prison in the United Kingdom under the terms of the Irish coercion bill which passed the third reading today in the British house of commons and the text of which was made public here today by the British embassy. This section applies to persons already sentenced as well as those who may hereafter be sentenced.

In general the new law would transfer the duties of crown tribunals in Ireland to Court martial. The military courts also would take over the duties of coroners and would have the powers to decide cases without jury.

**ALLEGED KIDNAPPER
BEGINS TO WEAKEN**

PHILADELPHIA, Aug. 6.—After ten hours of incessant grilling, Augusto Pasquale, alias Pascale, held as an accomplice in the kidnapping of thirteen months old Blakeley Coughlin, began to weaken tonight and made an appeal to the captors of the child to return him in twenty four hours or he would tell all he knows. This was announced tonight by Major Lynn G. Adams, head of the Pennsylvania state police.

Pasquale's appeal for the return of the baby followed an earlier statement to the police that the child is alive.

The prisoner according to Major Adams also admitted he wrote the letters signed "the crank" and got the \$12,000 left by the father of the missing child under a deserted trolley station near Norris-town.

DENVER, Colo., Aug. 7.—Denver will be placed under martial law it was decided at 1 o'clock this (Saturday) morning at a conference between Mayor Bailey, police officials, Col. Ballou, commander at Fort Logan and state officials. The proclamation is now being prepared, it was announced.

DENVER, Colo., Aug. 6.—The strike of trainmen employed by the Denver Tramway company was called off by the executive committee of the tramwaymen's union shortly before midnight tonight. The men will meet at 9 o'clock tomorrow morning to confirm the action of the executive committee.

GREAT BRITAIN STILL WRESTLING POLISH CRISIS

Course Will Depend on the Attitude of France

POLES PUTTING UP BITTER RESISTANCE

LONDON, Aug. 6.—(By The Associated Press.)—The Polish crisis is still grave, but as a result of today's developments it is regarded as being easier. Tere has been no rupture in the negotiations with the Russian delegation. Much is now held will depend on the attitude of France.

It has been decided that Premier Lloyd George, who will be accompanied by Field Marshal Sir Henry Wilson will meet M. Millerand the French premier and Marshal Foch, Sunday, either at Folkestone or Boulogne, to decide upon the future course of events.

After a cabinet council today, held to consider the answer of the soviet government to the British representations, sent thru M. Kamenoff, the Russian delegation and which was regarded on the whole as conciliatory. Mr. Lloyd George and Andrew Bonar Law, Lord privy seal, were in conference with Mr. Kamenoff another soviet representative for more than five hours at the premier's official residence in Downing street.

The entire situation was exhaustively reviewed and the government's view communicated to the Russians. Especial emphasis was laid on the necessity for the advance of the red army into Poland proper. A result of the conference M. Kamenoff will now be in a position to communicate with Moscow and get the soviet government's answer by Sunday, when it can be considered by the allied conference and decision taken which it be communicated to the house of commons Monday as already has been promised by Mr. Lloyd George.

It is believed that if France is willing, Mr. Lloyd George will agree to peace being negotiated directly between Poland and Russia. It is generally granted that in accordance with the practice of previous wars Russia is not called upon to suspend operations until an armistice is signed.

The Polish delegates to the Bolshevik conference were expected to arrive in Minsk today and begin negotiations.

Warsaw dispatches claim the Bolshevik offensive on the river Bug has been arrested. It is clear the Poles are putting up bitter resistance. The British labor party is taking a strong stand in the matter of Polish-Prussian situation with a view to arousing the country against war with Russia.

**WILL GIVE MANXIN
ROYAL RECEPTION**

Liverpool, Aug. 6.—"If Archbishop Mannix lands here, we will give him a reception such as never before has been accorded any Irishman in Liverpool," said Councilor J. P. Kelly who is organizing the demonstration to welcome the Australian archbishop.

The action of the committee was taken following a long meeting convened immediately by Judge Whitford in the circuit court issued an order directing the union chiefs to recall the strike order.

Tramway officers declared that no policy regarding taking the men back in connection with the strike, which was called at 5 a. m., last Sunday was cost five lives and thousands of dollars in property damage. Fifty persons have been injured and thirty eight arrested in connection with the rioting.

The rioting tonight caused Governor Shoup to ask for troops from Fort Logan, just outside of Denver.

Colonel Ballou is expected to bring about 250 men from Fort Logan and 500 are expected to arrive from Camp Funston some time tomorrow.

Denver, Colo., Aug. 6.—Three men were killed and thirteen injured when rioting was resumed by striking street car men and their sympathizers in the East Side car barns tonight.

The dead are: John Collins, Denver. Dan Flannigan, Denver. Charles Hanson, Denver.

A crowd of several hundred people which gathered about the barns was met with a fusillade of shots. A detachment of armed police was on duty at the barns and the 150 strike breakers housed there also were armed.

Federal troops are expected to arrive in response to a request sent by Governor Shoup. The governor was also authorized to call on Fort Logan, just outside of Denver, for troops for immediate use, but no call had been made there for help up to a late hour tonight.

Several hundred persons were in the vicinity of the South Side barns where two men were killed last night, all evening but no violence was reported from there. Union chiefs were in session to consider an order issued by Judge Greeley W. Whitford in the district court this afternoon directing them to revoke the strike order.

Court Orders Strike Recall. Judge Greeley W. Whitford in the district court this afternoon ordered the leaders of the striking street car trainmen to immediately recall the order issued last Sunday for a strike on the Denver tramway system. The judge found seven of the leaders guilty of contempt for calling the strike.

A committee appointed in Chicago to investigate about the coal shortage has made the surprising finding that the bad situation is the result of car shortage. The report goes on to show that during the period of government control only 100,000 freight cars were added to the service. Under private ownership more than this number was added each year. There is certainly no need of a special committee to determine these facts. They have been matters of common knowledge for so many days.

President and Mrs. Wilson rode thru the streets of Washington in a horse drawn Victoria the other day. The fact is worthy of newspaper space because it was the revival of a custom, the white house carriage having given way

years ago to automobiles. After all, isn't the incident indicative of what is needed in the U. S. today—a slowing up of travel? This statement is made figuratively and does not apply to the railroad situation. Sure it is that certain classes of Americans are traveling with too much speed. They are speeding and spending more than conditions justify.

The lists were completed yesterday for the Morgan county political Marathon. It was the last day for filing the petitions for the September primary. The names are all in and for several offices the entries make certain of interesting contests. It is gratifying to say that a perusal of the names of candidates gives proof that a number of men well qualified for public service are seeking office.

The riots in southern Illinois continue. In Denver the riot of Thursday night resulted in extensive property loss and injury for many people. Isn't there something that can be done in America to hasten the day when men realize that riots—mob rule—accomplish nothing and instead does injury? No worthy cause was ever aided by rioting or other unlawful action.

THE CLOSE OF A USEFUL LIFE

An unusually large company assembled Friday for the funeral services of Arthur L. French. It given to few men who attain

mature years to live and die at the same homestead, but such was Mr. French's lot and it is not surprising that during the years of his life he became an essential part of Chapin precinct.

His influence there was always felt for the betterment of the community. Mr. French was an ambitious, forceful man and he had pride in his home community and in the county where all of his days were spent. He believed that friendship is one of the dearest possessions of life. He was rich in friendships, the kind that last thru the years, and so his death, coming at the meridian of a useful life, is the cause for sincere sorrow to many. As banker, farmer and political leader, Arthur L. French held a large place in the life of Morgan county, and he has left to his children with his other possessions a good name, a record of years profitably spent.

BUILD THE SWITCH

The question of making possible a railroad switch whereby coal may be delivered to state institutions in car lots was presented to the public in a very definite way yesterday. Mr. Whipp, representing the state department in charge of institutions, was here to ascertain the objections to a switching arrangement and to impress upon the people that the state is very much in earnest in requesting that a switching arrangement be effected.

Mr. Whipp states that extensive betterments have not been made at the state institutions here because of the lack of railroad switch facilities. He has mentioned the obligation of the city to the state for the extensive land acreage donated to the water project. Certainly these statements will serve to impress the people of Jacksonville that something should be done to aid Illinois in this commendable project.

Aside from these two facts already mentioned, Jacksonville is vitally interested in the switch matter. Such an arrangement would mean that thousands and thousands of tons of coal now hauled over the streets of Jacksonville in wagons to the detriment of the pavements, would then be conveyed in cars. The question is one which should have early and favorable action.

Rippling Rhymes

By Walt Mason

Tolling On.
Each day I labor with my lyre, while neighbors go joy riding; my tears may fall, my hands may tire, but work is all-abiding. My joyous neighbors, as they pass, in every brand of lizzie, cry, "Come with us and burn some gas, and knock the speed laws dizzy!" When I have set this deathless ode upon the costly paper, in my tin cup along the road, you'll see me proudly caper. But not until the ode is done, and to the mails I've turned it; I don't believe in burning men before a fellow's earned it. Don't spend your unearned money yet, I beg you, gents and ladies! That is the road that leads to debt, and debt is simply Hades. I would not too my pea-green car and leave my work neglected; the thought of that would surely mar such bliss as I'd expect. My pushcart doesn't leave its stall till all my tasks are ended, and then I scorch along the Mall in pomp, that's truly splendid. Oh, then I feel I have the right to go around riptearing, and honk my horn thru-out the night, and keep the peepers swearing.

CONFERENCE HELD ON SWITCH PLANS

State Department Asks That City Aid in Making Possible Coal Car Delivery to Institutions.

Frank D. Whipp, representing the state department of public welfare, was in Jacksonville yesterday to confer with reference to switching connections whereby coal can be delivered to the state institutions here without wagon haulage.

Some time since a citizens' committee was appointed to cooperate with city officials in this matter and yesterday afternoon Henry Frisch, John S. Hackett and H. L. Caldwell of this committee, together with Mr. Whipp, Mayor Crabtree, E. H. Gray of the Jacksonville Railway & Light Co., Clarence York of York Bros., and a number of city officials held a somewhat extended conference.

While any proposed switching arrangement made is primarily for the benefit of the state institutions, the Jacksonville Railway and Light Co. is largely interested because the coal to the state institutions would be delivered over the car tracks, and further such a switching plan would make it possible for the Railway and Light Co. to deliver coal to its own plant on South Main street.

Mr. Whipp made it very plain that the state department feels strongly that the City of Jacksonville should give whatever aid is needed to perfect some switching plan. The records show that the state institutions here consume about 22,000 tons of coal annually. It is figured that this year the wagon haulage cost would be approximately \$1 per ton, and by a switch delivery plan the greater part of this sum can be saved for the state.

Mr. Whipp emphasized the point that extensive betterments would have been made at the state institutions here long ago were it not for the drawback of non-delivery in car lots. The inability to deliver materials to the institution in car lots has made possible building programs too expensive.

The state representative also voiced the thought that the state co-operated readily with the city of Jacksonville in the water improvement program by donating the city 50 acres of land without cost, and that certainly in return the city should work out some plan of relief which will provide a satisfactory switch track.

The city can have self-interest in any such program for it is a matter of common knowledge that the wagon haulage of coal over the streets of Jacksonville does an immense amount of damage to the pavements.

The Light Co. uses at its plant between 40,000 and 50,000 tons of coal a year, and if the switching arrangement is perfected this coal also will be hauled over the street railway. So when a switch has been established there will be at least 60,000 tons less wagon haulage over the pavements of Jacksonville.

Two Plans Proposed.
Two plans are proposed; one would require a switch on the C. & A. track near the Vandallia road in South Jacksonville and haulage over the tracks of the Railway & Light Co. thru South Jacksonville. The other plan would mean a switch on Illinois avenue north of State street. This would mean the haulage of freight along East State street and thence to the public square. In event the Illinois avenue switch is built it will be necessary to change the track curves on the public square in order to make possible the passage of large freight cars, as the curves are now too sharp for such traffic.

Wherever the switch is built, the freight cars will be hauled during the night hours. As already indicated, the conference lasted for several hours and many phases of the question were considered. Mr. Whipp is to return to Jacksonville next Wednesday for a further conference.

RETURNS FROM TRIP

Mr. Virginia Vasey, Mrs. M. C. Heaton and Mrs. Jessie Johnson have returned from a visit with their sister, Mrs. Alfred W. Agee at Ogden, Utah. They also while west made the wonderful tour of Yellowstone National park. While in Salt Lake City they had the pleasure of hearing Haydn's great oratorio "The Creation," given on University Hill by the Salt Lake Choral Society of 500 voices, full symphony orchestra, soloists from Chicago and an audience of 15,000.

Going west their route was thru the Royal Gorge and over Tennessee Pass, stopping at beautiful Glenwood Springs. Returning the stop was at Grand Junction, then on thru the awe inspiring black canyon of the Gunnison and over Marshall Pass. Other important points visited were Pike's Peak region, Colorado Springs, Manitou, Salida, Denver and Kansas City.

COUNTY OFFICERS MET AT OTTAWA

Sessions of State Association Very Interesting—Favor Change in Time County Clerks Begin Term of Office.

The annual convention of county and circuit clerks, supervisors and assessors closed its sessions at Ottawa Thursday after deciding to hold the next year's meeting in Alton. County Clerk G. L. Riggs was the only representative of this county in attendance and returned home Friday morning. Mr. Riggs came by automobile as far as Decatur with John Honefinger of Christian county, an officer there and who formerly resided in Morgan county.

Mr. Riggs said yesterday that one of the most important suggestions made at the convention was to change the time when the county clerk shall enter upon his duties. Under the present plan when a clerk is elected in November, he assumes his duties December 1, just at a time when tax work is beginning. This is by far the most intricate work that a county clerk has to do and it sometimes happens that an incoming officer is put at great disadvantage.

The proposal at the convention was to have a county clerk enter upon his duties June 1 succeeding the election. This would give an incoming official an opportunity to observe the work of the tax clerk. It is probable that the suggestion will be embodied in a law and presented to the legislature.

Mr. Riggs was glad of the opportunity to return by automobile as he got a very good idea of crop conditions in riding thru the central part of Illinois. In his opinion the corn crop has been injured much more by dry weather than is generally supposed. In all the country between Ottawa, Bloomington, Decatur and Jacksonville he saw the best corn near Bloomington and between Jacksonville and Berlin.

BUSINESS CHANGES

MADE AT FRANKLIN

Wyle Drug Store Sold to Decatur Man John Serenco Buys Olinger General Store.

Franklin, Aug. —Two business changes have taken place here the past few days. Armin Wyle disposed of his drug store to J. L. Miles of Decatur and the latter already is in charge.

The new proprietor is a drug man of experience. Before purchasing the Wyle store, he was retail manager of the Decatur Drug Company.

After being in business in Franklin for thirty years Charles Olinger disposed of his general store to John Serenco of Panama, Ill. Mr. Serenco is now in possession of the store which is one of the oldest and best known in Morgan county.

Mr. Olinger has gone to Texas, but will return in a few days and take his family to that state. He has a farm there and the family expect to make their future home in the Lone Star state.

Men and boys who need clothing for Chautauqua should try KNOLES.

MURRAYVILLE LODGES AT NICHOLS PARK

Odd Fellows and Rebekahs Enjoyed Picnic Friday—Athletic Contest Held.

Members of the Odd Fellows and Rebekah lodges of Murrayville enjoyed a picnic at Nichols Park Friday afternoon. The party, which numbered about one hundred and fifty, made the trip by automobile, reaching the park early in the afternoon.

The afternoon was spent on the bathing beach and boating and other amusements. A number of athletic contests also were held and prizes awarded.

The big feature was the ball game. When this had gotten well under way the call for supper came and it was never finished. Supper was served at 6:30 o'clock and afterward the athletic contests were held. The company returned home about 8 o'clock without mishap after having a most pleasant outing. The athletic contest resulted as follows:

Woman's ball throwing contest won by Jane Wright.

Men's ball throwing contest, won by Ralph Riggs.

Woman's foot race 50 yards won by Mrs. Lydia White.

Men's foot race 50 yards, Eddie Wild.

Fat man's race, won by J. H. Dial.

Fat woman's race won by Mrs. Maud Rimbey.

DON'T BUY TIRES

until Aug. 12, 13 and 14, the opening days of the Auto Inn, when the American Legion stages biggest doings in city's history—as during these days chances will be afforded to get any make tire, any size, at ridiculously low figures. Nature and a boy's parents, Gillilan you know what a mirth provoking cuss he is. He is the one sure fun maker of the American platform. The trail of laughs that he has evoked reaches across the continent. He'll make even YOU laugh. If you haven't heard him, you will have a chance to hear him when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

URGES PEOPLE TO FIGHT CATARRH

WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading

Druggist of Covington, Ky., Who Has Made

Special Study of Catarrh.

Says: Inflamed Nostrils

Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

What Is Rheumatism? Why Suffer from It?

**Sufferers Should Realize
That it is a Blood Infection
and Can be Permanently
Relieved.**

Rheumatism means that the blood has become saturated with uric acid poison. It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the

poison lurks and which is not affected by salves and ointments. It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood cleanser that has stood the test of time, having been in constant use for more than fifty years. It will do for you what it has done for thousands of others. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach.

KILL-THE-BLUES COPE

Take an audience of two thousand or more soldier boys, fresh, vigorous, full of pep, and crowd them into a great barn of a cantonment theater on a hot summer night, and you've got a potential hot griddle nicely cooked up for the lecturer. Only the fellow who has something to say and knows how to say it survives the first ten minutes. If he holds them for a half hour he is good, for forty-five minutes he is some lecturer, and if he keeps them going for an hour he is a humdinger. H. L. Cope faced such ordeals during

the war period not once, but hundreds of times in fifty-three different camps and every time he captivated the boys. Under the magnetism of his humor and philosophy a million doughboys forgot their troubles. From this great experience Cope is coming to our chautauqua. He'll make you laugh as he made the doughboys laugh, and give you plenty worth while to think about, just as he did them.

The superiority of Nu-Bone Cor-
sets is due to their distinct differ-
ence from all others—features
they have which no other corsets
can have. This difference is due
to the Patented Nu-Bone Stay
which is the only woven-wire stay
in existence. The machines that
weave the three or five strands of
finest piano wire into the Nu-Bone
Stay are patented, owned and op-
erated by the Nu-Bone Corset Com-
pany only. The Stays are used
only in Nu-Bone Corsets. Nu-
Bone Corsets are made-to-measure
—also kept in stock. Call, write

Daily Market Report

**WHEAT MARKET TAKES
A DOWNWARD TURN**
CHICAGO, Aug. 6.—Reports
construed to an armistice led to
a quick downturn today in the
wheat market after one and a half
four's continuance of yesterday's
advance. The market closed weak,
3 1/2c to 4c net lower, with Decem-
ber \$2.36 1/2 and March \$2.38. Corn
finished 1 1/2c off to 3/4c up, oats
unchanged to 1/4c higher and pro-
visions down 1/2c to 1/4c.

At first the wheat market was
dominated by apparent likelihood
of war between Great Britain and
Russia. Strain over the expected
clash carried the December deliv-
ery of wheat up as much as eight
cents with bullish sentiment in-
tensified by prolonged dry weather
threatening serious damage to the
corn crop.

Then the tenor of European
advice changed and there were
much hurried selling out of
wheat holdings purchased mainly
for the earlier outlook for war.

DR. SHEPARDSON HEARD BY ROTARY CLUB

State Department Head Made Explanation of Law as Related to Medical Practice Act.

Rev. M. L. Pontius, president of the Rotary club, has returned from his vacation and presided at the regular meeting at the Pacific hotel yesterday noon.

Col. Frank J. Whipp of Springfield who was here yesterday afternoon to attend a meeting relative to making arrangements for the electric line to haul the coal to the various State institutions spoke briefly.

President Pontius introduced as the speaker, Dr. Francis S. Shepardson, director of the State Department of Education and Registration. Dr. Shepardson received his doctor's degree at Yale in the same class with Edward Capps and was later with him on the faculty of the University of Chicago. He was also editorial writer on the Chicago Tribune for some time. And although he was teaching political science in the university and editorial writer on the Tribune he said that he had little knowledge of the ideas behind and embodied in the laws, until he was appointed by Governor to his present position and had entered upon his duties of enforcing the laws.

Good Showing in Finance.

Dr. Shepardson outlined briefly the reorganization of the state several years ago and explained that the present organization has eight departments with one super department over them all, the super department is the department of finance. According to the speaker there is now in the state treasury 13 millions of dollars against \$300,000 at the time the present system was adopted and that there was a saving of \$60,000 dollars in discounts alone during the last year.

Then coming down to the department of Education and Registration the speaker said that it came closer to the people than any other state department for it has charge of the three Normal schools and oversees the training of teachers. It makes the scientific surveys for reclamation work, road building materials, and water supplies, and also has a commission at work on the immigrant question.

"One of the Divisions of the Department is that of Registration which issues the licenses for professional workers. It is necessary for all who does work which has to do with human life to satisfy this department of their proficiency before they are granted a license. Some of those who are required to have a license to practice are, barbers, architects, structural engineers, plumbers, pharmacists, and doctors. It is evident that the mistakes of any of these classes are liable to endanger human life, and hence the representatives of the people passed law regulating them and requiring that they give satisfactory evidence that they are proficient in their line of work."

The Law Explained.

"The law covering the treatment of human ailments is the Medical Practice Act, and is considered throughout the United States as the best law of its kind in the country. It is not a law made by any one group but is the result of mature reflection, of discussion and that it was an agreed bill, the result of co-operation of all the groups of doctors who treat human ailments. "First were considered the doctors who wish licenses to practice all branches of medicine and surgery, and they are required to have a High School education, or its equivalent, two years of college work, and four years of medical school, and in addition after 1922 they will be required to have one year's experience as an interne in a hospital. With this preparation they are then required to pass a written and a practical examination, after which the department gives them a license to practice. "But there were still other men who wished to practice but without the use of surgery or drugs, and of those the law requires only a High School education and four years of work in a medical school. "Now after the law was passed another group appeared, coming from a state with licenses which were not comparable to those issued by the state of Illinois, and they wished to practice but without having had the preparation and not having taken the examinations required by law. "Moreover they were informed that if they would join an association with headquarters in Iowa and pay dues to it, that the association would pay their fines when arrested for violating the laws of Illinois and a law firm in Madison, Wis., was hired to defend them. The head of the association declared that an arrest now and then would afford good advertising. "It was said to be a conspiracy to send uneducated people to Illinois to break the laws, and pay their fines and attorney bills. The attorney general got out an injunction, to prevent the members of the association from paying money to it, and keep the association from hiring lawyers from other states to defend the members of the association. "Must Obey Statutes. "Gentlemen, if something that would endanger the lives of our stock were sent across the border from Iowa, we would immediately protest. Now something has come from Iowa that refuses to heed the laws protecting the lives of our citizens. I know of no one individual that I want to 'get,' but I am fighting for the health of the people, and for obedience to the law. "Your fellow townsman, Stephen A. Douglas, who took the name of Jacksonville round the world, said as his dying message to his children: 'Tell them to obey the constitution and the laws.' That is the sentiment I would leave with you in closing this discussion of the medical practice act and of what it means to the health and life of the citizens of Illinois."

Rotary Club Notes.

At the Rotary luncheon Friday President Pontius read the following statement: "The Challenge. Manufacturing Co. of Ipaiva, Illinois through their salesman, Mr. J. L. Blair, and Rotarian Charles Mackness of the Jacksonville Farm Supply Co., have presented the Mercedes camp with a steel flag pole, a 5x10 wool bunting flag and pulley and rope. "The secretary has written the Challenge Manufacturing Co. to thank them for the gift. "Mr. Pontius read also the following letter from Scoutmaster C. F. Ehine, who is at Mercedosa Bay with the first scout troop to use the new Rotary club house. To the Officers and Members of the Rotary Club: "Troop No. 4, Boy Scouts of America, wishes to thank each member for the privilege of being entertained at your beautiful club house. "We are only getting started, but believe we have a good start. V. R. Riley had the pleasure of working yesterday and he can tell you the fun we had. John Edlen took all of us for a long ride in his large motor boat and I have him engaged to take us out Saturday night. "Friday night the Mercedes Methodist church will give us an entertainment. The pastor will take the Bible hour each morning. "You have silverware to eat with, a table cloth to eat on, but boys we have eats and I would not change places with the president of the United States. "Thanking you men again, I remain yours truly, "Rotarian Charles Ehine. "Vincent Riley, vice president of the club, was then called on to tell about the camp. John Hackett and Mr. Riley spent Thursday at the camp finishing up odd jobs and making tables, getting things in shape for the boys who are to enjoy the place."

MISSIONARY SOCIETY MET AT ALEXANDER

Alexander, August 6.—The Woman's Foreign Missionary society of the M. E. church met today at the home of Mrs. J. F. Willets. Mrs. Martha Miller was leader and her subject was "Stewardship of Love." The year reports were made and the mite boxes opened, which had produced a goodly sum. "Mrs. E. J. Edmonds was among the visitors in Jacksonville today."

FUNERAL SERVICE HELD FOR ARTHUR L. FRENCH

Large Assemblage Paid Honor to Prominent Morgan County Citizen.

An impressive ceremony marking the burial Friday afternoon of Arthur Lincoln French, thru so many years a prominent citizen of Morgan county. Mr. French was not an old man, but as he had spent all of the years of his life in this county, he was accounted as a long time citizen.

An unusually large company of friends gathered at the French home in Chapin precinct to pay honor to his memory. The strength of his friendship was one of the marked characteristics of Mr. French and that fact was evidenced by the especially large group of men representing all parts of the county.

The service was in charge of Rev. M. L. Pontius, pastor of Central Christian church, assisted by Rev. Mr. Steinfeld, pastor of the M. P. church at Chapin. Music was supplied by a quartet from Springfield, including Messrs. R. Albert Guest, Henry Spang, Ray Campbell and Lawrence Filinn.

Following the house service the long cortege moved to Diamond Grove cemetery. There friends had gathered in additional numbers and Mr. French was laid to rest in a grave made beautiful with flowers. Rev. Mr. Pontius conducted the committal service and the quartet sang.

The house service began at 2 o'clock when the quartet chanted the Lord's Prayer. Then Mr. Pontius read the 23d Psalm and other appropriate passages of scripture. Afterward Rev. Mr. Steinfeld offered a prayer and the quartet sang "Abide With Me."

Mr. Pontius had been asked by members of the family to avoid personal reference to the deceased and the minister therefore spoke briefly. In part Mr. Pontius said:

The Noontide of Life

"That mysterious visitor that we call death has come into this home and taken from our midst one we well knew. Mr. French died in the noontide of life. For him life had just reached the meridian and so no doubt there has come to many in this company the question as to why that useful life should come to what seemed an untimely close."

"In the autumn when we see the trees and leaves become dry and sore, we say that it is natural for summer has followed spring and then has come autumn in the ordinary sequence of the seasons. But if the flowers and foliage were to die in the springtime we would not be satisfied without some special explanation. "So it is not surprising that the thought comes to us of the unkindness of death in a life at its height of great usefulness. But we can remember that death is the natural thing, that it comes to all and it really is but an incident of life."

"Arthur L. French was born and reared here in this community. It is related of him that he lived all of his life in this farm home. His parents came here as pioneers. They aided in felling the trees in draining the land and making it rich and available for later generations."

"As this man grew he continued to belong to the community and performed useful duties as a citizen. He not only was a farmer on an extensive scale, but it was his pleasure thru the years to carry other large business responsibilities. For six years he served as member of the Illinois warehouse commission, performing his duties with ability. All his life was characterized by rugged honesty and he was known as a man of his word, who placed honor above all things."

"Possibly Mr. French was not known extensively as a religious man. He held membership in no church, yet he realized the value of the Christian religion and was a constant attendant upon the Methodist Protestant church, of which his mother was a member. For a time he taught a class in the Sunday school. Somehow I believe that a man who turns his thoughts to his mother's God and church will not wander far from the path of rectitude."

The Meaning of Life

"You assembled here in quiet reverence for this man's life have a sympathetic appreciation of its meaning. You know he will be missed not only from the church, but also in Jacksonville and Morgan county. This life will be missed not like a picture from the wall, not as a piece of furniture, but as a ray of sunshine is missed, as there is sorrow because the fragrance of a flower has been lost. Perhaps we do not always understand life but we do know that life is more than the noise between two silences. We realize that it is more than a river that has its rise among the hills. Life is real, life is earnest and the grave is not its goal."

"When earth's last picture is painted and the tubes are all twisted and dried, and the youngest artist has died. "We shall rest, and faith we shall need it, lie down for an aeon or two. "Till the Master of all good workmen shall set us to work anew. "Then they that were good shall be happy, and sit in a golden chair. "They shall splash at a ten league comet's hair. "They shall have real salts to draw from, Magdalene, Peter and Paul. "They shall work for an age at a sitting and not grow tired at all. "Then only the Master shall praise us, and only the Master shall blame."

And no one shall work for money, and no one shall work for fame; But each for the joy of the working, and each in his separate star, Shall paint the things as he sees them, the things of God as they are."

"I remember the last conversation I had with Mr. French and somehow I believe that at that time he felt the final days of his life were not far distant. He spoke then of his love for his friends and his appreciation of what friendship means. Steadfastness in friendship was characteristic of this man of strong personality and stalwart character. As he thought of the end of life I do not doubt that these lines express his inward thought. "I live for those who love me. "Whose hearts are kind and true For the heaven that smiles above me. "And awaits my spirit too. "For the human ties that bind me, For the task by God assigned me, For the bright hope left behind me. "And the good that I can do."

"I live for those who love me, To emulate their glory. "And travel in their wake. "Bards, martyrs, prophets, sages, The noble of all ages, Whose deeds fill history's pages And time's great volumes make."

"I live to hail the season By gifted men foretold. "When man shall live by reason, And not alone by gold. "When man to man united, The whole world shall be lighted As Eden was of old."

"I live for those who love me, Whose hearts are kind and true. "For the heaven that smiles above me. "And awaits my spirit too. "For the right that needs assistance, For the wrong that needs resistance, For the bright hope in the distance. "And the good that I can do."

"These words form a fitting expression of the life that he approved and sought to live. So to the members of this family group and to the sorrowing friends I bring the gospel as the only source of comfort in such an hour."

The quartet then sang "The End of A Perfect Day" and then the funeral party moved to the cemetery. The beautiful flowers sent by friends were cared for by Mrs. Frank J. Hehl, Mrs. William T. Wilson, of Jacksonville; Mrs. Jeff Duckett and Miss Isabel Fox, Chapin.

The active bearers, all of whom were associated with Mr. French in the operation of his farm, were Messrs. Branch Wade, Virgil Smith, Otis Johnson, George Smith, John Smith and Montie Funk.

The honorary bearers were the directors of the Farmers State Bank & Trust Co., E. W. Brown, Charles S. Black, Albert H. Crum, Frank J. Hehl, C. F. Leach, George R. Swain, A. C. Rice and W. S. Rice, who served together in Jeff Duckett, Henry Perib, J. U. Markham, John Onken, Chapin, W. L. Fay, W. T. Wilson, J. W. Walton, Jacksonville.

BUSY DAYS AT THE SCHOOL FOR THE DEAF

Expect to Gather 2,000 Bushels of Tomatoes — Managing Officer White Has Wheat Ground at Local Mill and Returned to Institution.

Out at the School for the Deaf they are gathering 20 bushels of tomatoes per day. They have 3,000 plants and estimate that they will produce about 2,000 bushels. The late plants need rain, but the plants which are bearing now are in good shape. "A new steam line is being run to the greenhouse. "An old eight inch water main not in use, has been taken up and is being relaid to the isolation hospital, which will make the hospital not only more convenient but will afford better fire protection."

The farm has twenty three acres in wheat, this was threshed yesterday, and it made nearly 200 bushels more than was expected. The wheat is being taken to the mill and ground. The flour, middlings and bran all being taken back to the school. The straw is also being baled and the entire stand of wheat will be consumed at the school. Speaking yesterday, Mr. H. T. White, managing officer said that he expected to have at least \$300 by having the grain milled in Jacksonville, and returned to the school as flour, middlings and bran.

"THE PILL BOTTLE" IS PRESENTED AT LITERBERRY

Literberry, Aug. 6.—The World Wide Guild of the Literberry Baptist church presented the play, "The Pill Bottle" this evening on the church lawn. There was a very good sized crowd present and the play was a success in every way. Following the program the Guild served ice cream and cake on the lawn. There were about twenty characters in the play.

Some Good Scores Made—Roger Carter Wins Gold Medal.

Capt. Wesley R. James took a squad of nine men to Springfield Thursday night and spent Friday on the rifle range at Camp Lincoln. The weather was exceedingly warm, but the men did some fair shooting.

Private Roger Carter won the gold medal which was given to the company by Andrew Russell for the highest individual score. Carter had a score of 190. The medal has been held by Private Bearup of Alexander the past year.

Capt. James, who won the silver medal last year, again won it this year with a score of 187, while Private Bearup won the bronze medal with a score of 181.

Capt. James said last night that he expects to take the entire company to Springfield, Saturday, August 14, and spend Sunday at Camp Lincoln.

REV. HUGH KNOWLES FUNERAL AT VIRGINIA

Rev. J. O. Kirkpatrick returned last evening from Virginia where he went to preach the funeral of Rev. Hugh Knowles, who died in Norfolk, Va., recently, and was brought to Jacksonville for burial. Rev. Kirkpatrick found Mr. Knowles as a boy at Virginia, he admitted him to the church, baptized him, issued him his license, and outlined his first two sermons when he began preaching. "There was a large gathering at the funeral and an unusual number of flowers. Rev. George Springer of Oakwood, assisted in the services. Burial was in the Walnut Ridge cemetery."

Funerals

Boyd. Funeral services for Charles Lewis Boyd were held from the Baptist church at Virginia at 10 o'clock Wednesday morning, in charge of Rev. George Boyd of Springfield. The service was furnished by W. B. Blackburn. Miss Ella Wilson and J. J. Bergen.

The church was completely filled with friends who gathered to pay a last tribute of respect to the deceased. Charles Lewis Boyd was born near Philadelphia, Ill., April 17, 1902, and passed away August 2, 1920, at the family home near Literberry, aged 18 years, 3 months and 2 weeks. Deceased was the son of Fred and Ida Boyd, and the parents together with one sister, Freda Pearl, and one brother, Walter Frederick, survive.

Interment was made in Walnut Ridge cemetery at Virginia, the bearers being Robert Roach, Wade Roach, Eugene Cullers, James Zimmerman, Roy Brown and Albert Murray. The flowers were cared for by Miss Iva Lancaster.
